Address of Contractor: _____ Type of Work: _____

This project is to be constructed per plan prepared by _____.
All work performed will conform to City Standards (See attached) and Chapter 149 of the Franklin Municipal Code and with any other applicable City Ordinances.

In Accordance with Chapter 149 "Driveways" of the City of Franklin, NH Municipal Codes," permission is hereby granted to construct and/or improve a driveway entrance, exit or approach pursuant to the location and specifications described herein. Failure to comply with the standards established and drawings approved of in conjunction with this permit shall render it null and void. Improper installation or non-adherence to this permit may subject the applicant/property owner to restoration/completion costs by the City.

In cases of new construction of a residential or commercial structure, the issuance of a final "Certificate of Occupancy" is dependent on the successful completion of work. Additionally, existing properties may be subject to penalties permissible through City Ordinances for non-completion.

Failure to start or complete construction of said facility within one calendar year of the date of this permit shall require an application for a permit extension or renewal. Violations of permit specifications or City Ordinances shall be corrected immediately upon notification by a Department Representative.

By executing this permit, the landowner shall indemnify and hold harmless the City of Franklin and its duly appointed agents and employees against any action for personal injury and/or property damage by reason of the exercise of this permit.
