Notation: The tour of both City/School Buildings was the brainstorming efforts of the liaison committee back on February 3, 2015 to assist both boards during the upcoming budget season/process.

We met at Franklin High School Principal's Office and started the tour at 4:00pm and followed the *tour itinerary and did the walkabout at FHS, Paul Smith School, MSD/Fire Department and Franklin Middle School. During the tour, each building had guides/spokesmen who gave a synopsis of the year it built, and the pressing needs associated with each facility.

At the end of the tour, we were transported back to Franklin High School and the tour ended at 7:15pm.

*See attached itinerary of tour.
